1 Relax On The Rocks **Dimplex** offers the Rockport Outdoor Electric Fireplace. The unit features a simulated rock-ledge cabinet with planters, a 26-inch outdoor firebox, concealed speakers and an audio MP3 input. It is fully weatherproof, says the company, and can be used year-round. The fireplace's clean electric operation uses "90 percent less energy than a gas fireplace," according to Dimplex.

2 The Space Between **Outback Chair Company** offers the Urban Balance Chasm. This flexible accessory is part chair, part table and part storage unit. With strict attention paid to the highest manufacturing standards, the Urban Balance Chasm is made from premier-quality materials such as all-weather wicker, sturdy hardwood and durable fabric-covered cushions, says the company.

3 Take It Easy **Sweetwater Bungalows** offers Southeast Asian-inspired daybed cabanas. Each cabana is handcrafted from sustainable Indonesian hardwood that is weather- and insect-resistant. Canopies are available in a variety of Sunbrella colors. Basic carpentry skills and tools are needed for assembly. Optional foam mattresses and slipcovers are available for the daybed.

4 Cover-And-Cabana-In-One **Sterling Leisure Products** offers the Covana spa cover. The cover can be raised to 8½ feet with the turn of a key, says the company. The overhead canopy protects hot tubbers from the elements and optional screens provide privacy and additional protection from the weather. The Covana features a seamless vacuum-formed cover, 600 pounds of lift capacity and polyurethane foam for insulation three times the industry standard.

5 Join The Club **Tropitone** offers the Cabana Club, designed by Richard Holbrook. The modular seating collection is available only in stainless steel and fabric colors include natural, canvas glacier (shown) and coal. The granite tabletops come with a choice of four colors: volcanic, baltic, tangiers and luna. A variety of pieces, both curved and square, are available.
